HEALTH & WELLNESS CENTRE AT GLEN APLIN

The Geneo Treatment system is the ultimate platform for achieving firmer, fresher & naturally healthier-looking skin and visible results. This therapy stimulates natural skin oxygenation, leading to immediately noticeable, youthful, rejuvenated skin and a radiant glow.

WHY DOES THIS MATTER?

When our body sends oxygen to the skin from within, it is far more effective and long lasting than external oxygenation, meaning, much higher levels of skin oxygenation.

Treatments available for both face and body applications.

- Skin plumping & hydrating. Lifting & firming, restoring skin volume
- Renewed youthful glow Increased collagen production
- Minimises the appearance of fine lines & wrinkles
- Pores are reduced Increased circulation. Reduced hyper-pigmentation
- Elevated natural skin oxygenation. Reduced congestion, acne & redness

EXFOLIATE Geneo™ treatments generate an abundance of CO2 bubbles that permeate the upper skin layer to remove dead cells, open clogged pores, smooth the surface and renew the skin.

INFUSE: Geneo™ treatments nourish the skin with nutrients, vitamins and other active ingredients which keep it healthy and glowing for the long term.

The 4-in-1 Super Skin makeover is an innovative treatment that provides three actions in one:

EXFOLIATION , **OXYGENATION** of the skin & plus **NOURISHMENT** with pure active ingredients which lift and plump with Tripolar radio frequency. Natural oxygenation during treatment produces an abundance of CO2 bubbles on the skin. The CO2 draws oxygen from within the body, resulting in immediate & long-term skin oxygenation.

Costs:

Generally, a single treatment for face and neck costs from \$200 and a program or series of sessions is recommended for best results. Treatments involving combinations of body areas are calculated at time of your health assessment.

Pricing subject to changes
